

TO SHOW M'CORMICK LACES AT CHICAGO

Exhibit Will Be on Display at Chicago Art Museum.

CHICAGO, July 6.—Visitors to Chicago in the next three months will have the opportunity of seeing at the Chicago Art Institute a dozen extensive loan exhibitions in addition to the permanent collections.

Mrs. McCormick has put an entire gallery with one of the finest collections of old Italian, French and English laces in existence. Mrs. McCormick spent more than six years in Europe gathering these specimens of lace. Then under her supervision they were harmonized and many lace makers worked for two years and a half stitching the pieces into the eighteen large coverlets.

Filling three galleries is the anonymous loan of a collection of Flemish tapestries, old Spanish rug, furniture and paintings. Among the latter are "St. George and the Dragon," painted half a century before the discovery of America, two Goyas and the "Girl With the Green Eyes."

There will also be the first exhibition ever held in America of the Russian painter Alexander Iacovleff. Fifty paintings, water colors and drawings by Iacovleff will occupy one gallery completely.

Among the loan collections will be seven paintings from the house of Charles McCormick. This group is composed of "The Fountain," by Gaston La Touche; "The Amateur Fly Fish," by Robert Domingo; "The Square de Malines" by Francesco Leigini; "The Beach at St. Sylves," by Max Y. Fondaillat; "An Interior," by Frederic Frieseke; "Portrait of a Lady," by Giuseppe Boldini, the original being the well-known opera star, Lina Cavalieri; and a painting by Walter Gay showing

MAGNESEA BEST FOR YOUR INDIGESTION

Wards Against Doping Stomach With Artificial Digestants.

Most people who suffer either occasionally or periodically from indigestion now discount and disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, etc., and instead, following the advice so often given in these columns, take a teaspoonful of Bismarck Magnesia with a full glass of water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and digest it easily. Those who use Bismarck Magnesia never dread the approach of meal time because they know that a spoonful of this safe and corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the digestive process and give relief without the slightest pain or discomfort. Try this plan yourself, but be certain to get pure Bismarck Magnesia especially prepared for stomach use.
